BLAIRMORE ALBERTA

The Chinese Masons, of Calgary, whose case against Chief Cuddy was dismissed by Chief Justice Harvey, will enter an appeal against the judgment.

In our report of the meeting of the license commissioners last week we omitted the Arlington Hotel, Pincher Creek, which license was recommended.

"Must Put Up Or Shut Up"

Bellevue, May 15, 1914.
Editor Blairmore Enterprise:

"Dear Sir—There is no call for a waste of words on the Blairmore bandmaster. In a deluge of verbosity he deliberately seeks to evade the issue. There is no use of him trying to make the public think that the Naples Conservatory of Music qualifies a man to teach the English language through his nasal organ and pronounce it "stinking." It only confirms us in our former statement that he is an enigma. "Enigma" we said, and enigma means. He need not try to correct our English.

But the main issue, Mr. Editor, is as to whether the Blairmore band or the Bellevue band was best qualified to head the Oddfellows' procession, and whether the Blairmore band or the Bellevue band contains the greater idiots in the musical profession. Our offer holds good. Let us put it as definitely as we can.

The Bellevue Brass Band will agree to render the selection "Marianita," by Wallace, or any other selection, in the Blairmore Opera House or any other hall or place, on June 22nd, or any other day of that week, to be judged by a competent judge to be imported from Lethbridge, Calgary or any other outside point, the expenses of same to be shared equally by both bands. Each band to make a deposit of two hundred dollars (\$200.00), or any reasonable amount over that figure, the winner to take the pool.

Now, Mr. Editor, I don't think I can be more definite or more fair, and I think the public will agree that the Blairmore bandmaster should either come across or shut up.

Thanking you again for this another intrusion on your valuable space,

Fam, sincerely yours,
G. W. GOODWIN
Bellevue Bandmaster.

Services for French-Speaking People

Mr. E. Petrequin, who was recently appointed by the Home Mission Board of the Presbyterian church in Canada to work among French-speaking people in the Cross' Nest Press under the direction of Rev. W. H. Manchester, home mission convenor, has had six interesting weeks since he came to reside in Blairmore. Beginning his visitation of homes in Coleman, he has had an excellent reception from Catholics and Protestants alike. His striking personality and large experience of mission work, for he has lived in Senegal, in Algeria, and in the mining districts of the north of France and Belgium, have appealed to many; and his kindly interest in his compatriots, quite apart from controversial subjects, have secured him a hearty welcome. He has established a Sunday service at Coleman which is held weekly in the houses of his friends; and he has now begun a visitation in Blairmore, and will hold his first public service here next Sunday afternoon at 4 o'clock, in the Presbyterian church. The subject of his address will be "The Religion of the Future: the New Christianity, Social and Anti-Clerical." It is the intention of the church officials responsible for Mr. Petrequin's activities in this district that similar visitation and services shall be carried on wherever there are French-speaking people in The Pass. Ladies and gentlemen whose note of French nationality but have sufficient knowledge of the language to enjoy a service in French are heartily welcomed to Mr. Petrequin's conferences.

The Sacrament of Confirmation was administered to a large number of candidates at St. Alban's Church, Coleman, on Sunday night last, by His Lordship Bishop Pinkham, of Calgary. A number of communicants were also admitted.

FIRST-CLASS HOUSE FOR RENT—Apply to H. H. Wycheley, care of F. M. Thompson Co.

District Meeting of Methodist Church

The annual meeting of the Macleod district of the Methodist church was held at Frank on Wednesday, and was attended by about twenty clergy and laymen of the district.

The following resolutions were passed at Wednesday's sessions:

Lytle-Wycheley—That the Alberta Conference be asked to request the government to grant no liquor licenses, wholesale or retail, in territory that has no municipal status under the town act.

Irwin-Young—That the government's attempt be called to the death of accommodation in the public schools in the unorganized districts of the coal fields of the province, and especially to the large foreign population that is being neglected educationally.

Irwin-Richards—That the General Conference be asked to endorse the objects of the postal library league of Canada.

Wycheley-Young—That the Methodist work in The Pass be put on a different financial basis, owing to the exigencies of the work and its uncertain character.

Irwin-Lytle—That A. J. Goodson, Kenneth Kingston and David Gray be left for one year without stations, at their own request.

In the evening a banquet was given at the Frank hotel under the auspices of the Frank congregation. Besides the delegates, a number of the church members and friends were in attendance.

Following a dainty supper, a programme was conducted by the district chairman, Rev. J. M. Harrison, of Claresholm, including addresses from G. H. Wycheley, Rev. J. F. Hunter, of Blairmore, W. H. Irwin, of Bellevue, W. T. Young, of Frank, A. D. Richards, of Macleod; Rev. A. Barner, mission superintendent, and Mrs. Forman, Dominion organizer of the W.C.T.U.

Messrs. Irwin and Young set forward in a most able manner the needs of the district, recommending strongly the establishment of institutional plants in this immediate neighborhood for the purpose of affording means of profitable entertainment for the young people of the district to counteract the many evil magnets that exist. In this connection it is proposed to devote a considerable sum of money to the establishment of suitable plants where people of all tongues may gather for profitable amusement and education, and the district representatives were assured that every effort would be put forward by the mission board to effect a solution of this most important proposition.

The following is a list of the delegates in attendance:

Rev. J. M. Harrison, Claresholm.
Rev. A. D. Richards, Macleod.
Rev. David Gray, Fishburn.
Rev. A. A. Lytle, Pincher Creek.
Rev. J. R. Barker, Livingstone.
Rev. W. H. Irwin, Bellevue.
Rev. J. C. Anglin, Hillecrest.
Rev. W. T. Young, Frank.
Rev. Arthur Barner, Superintendent of Missions.
G. W. Andrews, Macleod.
T. Forer, Macleod.
Lease Dufield, Spring Ridge.
F. T. Houlkinson, Pincher City.
H. Long, Hillecrest.
Joseph Stevenson, Bellevue.
G. H. Wycheley, Frank.

Hillecrest Anglican Church Dedicated

The new Anglican church at Hillecrest was opened for public worship on Sunday evening last, when, after the usual evening service, the church was formally dedicated by His Lordship Bishop Pinkham, of Calgary. Revs. D. Watkins Jones, of Coleman, and R. J. Shires, of Lethbridge, assisted at the services on Sunday night, which were very largely attended, so much so that some were obliged to stand outside. The dedicatory service was most impressive,

Headmaster's Praise

Hy-norway for schoolboys was defended in a paper read by Mr. Shaw

at the Headmaster's conference at the London Guildhall.

English schoolboys, he said, are the healthiest, happiest, laziest, most

natural, most truthful, pluckiest, most

independent outlook, and are better

able to do things for themselves than

any foreign schoolboy I have ever had

to do with.

The reason for this is that they are

trained to do a certain amount of

work and play. If school authorities

yielded to the claim for no home

work, raised by a comparatively small

section of the public, one conspicuous

test of originality and self-reliance

would be eliminated.

Onions Cheaper

Mrs. Hett, green on her seventy-

third birthday anniversary told a

reporter that she put more faith in

onions than in doctors. An onion was

her recipe for colds, coughs, bronchitis,

nerve, and many other maladies.

An onion, she added, is a better

friend to your pocketbook than a doctor

to you.

Let those who have suffered from

eczema tell you of its virtues. No

other can fully realize what it means

to have the itching, burning, and

itching and burning.

Dr. Chase's Ointment is the best

remedy for eczema. It is a doctor

in a bottle. It is a doctor

in a bottle. It is a doctor

in a bottle. It is a doctor

Magic 'Nervine' Cures Toothache, Earache

IT RELIEVES EVERY EXTERNAL PAIN

Cures Colds, Coughs, Sore Throat, Tight Chest and Hoarseness

It's when sickness comes at night

when you are far from the drugstore

or the doctor that when you need

Nervine most. Experienced mothers

are never without it. One of the children

must have toothache. Without

Nervine—a "sleeping night for the

entire household. With Nervine, the

pain is relieved quickly. It may be

applied to a stiff neck, or one

of the kiddies coughing with a bad

chest cold. Nothing can give quicker

results than vigorous rubbing with

this old-time family remedy.

Nervine is too little too valuable

to be without. For lumbago, lame

back, sciatica or neuralgia there is

the simplest and most effective

power to penetrate and ease the pain.

As a family safeguard, as something

to ward off sickness and to cure the

minor ills that will occur in every

family, to cure pain everywhere, you

can find nothing to compare with old

time Nervine, which for forty years

has been the most widely used family

remedy in the Dominion. The most

economical size is the large six-ounce

family size bottle, small trial size 25c.

All dealers sell Nervine.

The Fiend and His Finish

THE FARMER—GOD'S PARTNER

Farming Makes for the Service of the Race the Great Unused Powers of Nature

"Rural Life in Canada—Its Trend and its Future" is the title of a new book

recently written by Dr. John Macbouch

and published by the Westminster

Company of Toronto.

The introduction by Dr. Jas. W.

Robertson is so packed with common

sense and so charged with a lofty

idealism, that it should be read and

pondered by every Canadian.

We are just beginning to realize

that our vast areas of good lands

could and should carry happy homes

for millions more people and not have

them huddled into big towns where

the children cannot play. How stupid

the people are, who are rich and strong

who do not give the children a chance

inexorably stupid no matter how

they may ride themselves on motor

cars and live in splendid big buildings,

if the children of the poor as well as

the rich have no chance to play on the

grass and pick flowers and drink in the

enriching glory of good air. Such people

do not match our land. They are

the least of our people, of an old ancestral

stock, that was once strong before

luxury and self-indulgence and all kinds

of their belching smoke made him a

displeasing thing. As I have gone over

this continent, I have wondered when

the Lord created these plains and

mountains and forests and orchards

will be occupied by people to reflect

His mind and match the setting of

SHILOH

Power of Healing

No little sensation has been caused

by the remarkable speech delivered

at the University College the other day

by Lord Sandwick, who said that he

personally possessed the power of

healing by suggestion. He said there

were few serious maladies he had not

treated with success, and that many

have relieved many people in agonies

of pain. There is no im. he said,

to his power, but that he had used

it in palaces, cottages, and hos-

pitals. He could not explain the power

he possessed, but he was certain

others also possessed it.

What is that?

I am trying to quit smoking for good.

CORNS, CORNS, CORNS

Discovered at last a remedy that is

sure, safe, and painless. Putnam's

Patent Corn Extractor, a prompt, ef-

fective, painless remover of corns and

bunions. Putnam's Patent Corn

Extractor neither causes pain nor dis-

comfort. Its name, you see, tells a

story: keep it in sight, here it is:

Putnam's Patent Corn Extractor.

Sold by druggists, price 25c.

Changed

First choice today—What do you

think? George is back from

F. E. Hinds was in Calgary on Monday last.

Next Monday will be observed as a public holiday.

J. E. Woods, of Pincher Creek, was in town on Monday.

The annual sports will be held at Cowley on Monday next.

Mrs. L. H. Putnam returned this week from a visit to Lethbridge.

BEDROOM TO RENT, on Twelfth Avenue. Apply to Mrs. Tiberg.

Rumor has it that Messrs. Hinds and Carter will open an office in Calgary.

Mrs. Kidd's maternity home, Box 95, Phone 151. Wedding cakes decorated.

L. H. Putnam left for Staveley last night, where he defends in a cattle stealing case.

Monday was "decoration day" in Blairmore, and black eyes seemed to be all in order.

The price of "Our Best" flour at Syd. Sargent's old stand has dropped to \$2.75 per sack.

The Hillcrest Coal Company are effecting some much needed repairs to the road leading to Hillcrest.

The houses of ill fame have at last been closed out, this time at the order of the Dominion authorities.

We were recipients of some wedding presents last week, which will serve as happy reminders of others who are more fortunate.

D. A. Sinclair has secured the contract to erect a dwelling house at Hillcrest for J. S. Quigley, work on which commenced this week.

Two young ladies, of Coleman, paid a visit to the police barracks on Wednesday night. We have not heard of the result of the "court."

"Bill" Beard, who is directing his attention to the fruit belt of British Columbia, came to town from the west on Tuesday on a brief visit.

Mayor Lyon and several other Blairmore financiers went down to Lethbridge on Monday to arrange for fencing in the oil area of Southern Alberta.

MARRIED—At Hillcrest, on Monday afternoon, Margaret May Nason, of Selly Park, England, to Samuel Charlton, of Hillcrest. Revs. D. Watkins Jones and R. J. Shires officiating.

Howard Doyle is assistant at the depot, Herb Hawk having resigned to take a position in D. D. Farmer's hardware store. We are pleased to have Howard with us again. —MacLeod Spectator.

Among those who have become rich through Alberta oil stock are Gordon Gilchrist, Mark Drums, Danny Lewis, H. G. Benson, Joe Tompkins, Larry Ryan, R. W. Thompson and E. Maxwell Brown.

Constantine Dellis, who was one time teller at the Blairmore branch of the Union Bank of Canada, and who since occupied a position with the Edmonton News-Advertiser, is now located at Fort George.

M. E. Schofield, formerly of the Union Bank here, came to town from Calgary on Wednesday. Mr. Schofield has the oil fever, and is endeavoring to show the symptoms by impromptu seepings of natural gas.

Some changes have been made in the official positions of the W. A. Henderson Co. in Southern Alberta. The branches at Medicine Hat and Lethbridge will be continued under the name of W. A. Henderson & Company, with Mr. Basil Jones, C.A., as resident partner at the former and Mr. R. J. Ritchie Patterson, C.A., as manager at the latter. Mr. A. E. Gibson, who has for some time past been resident partner in charge of the Lethbridge office, and the name of the firm in Winnipeg has been changed to Henderson, Reid, Gibson & Company.

The tennis club ball takes place at the opera house tonight, and promises to be an enjoyable affair.

The object of the school concert to be held next Friday is to raise funds to increase the library.

R. M. Brisco received a message from Chatham, Ontario, on Monday, stating that his mother was critically ill and not expected to recover.

Revs. W. H. Irwin and J. C. Anglin, of Bellevue and Hillcrest respectively, leave for Calgary on Monday, to attend the Alberta Methodist Conference, which opens on Tuesday next.

Owing to the overtaxing of our comic column last week, we were unable to report on a convention of the school teachers, such as we would like to have commented upon the many matters deprived of discussion.

Rev. W. T. Young, of Frank, goes to Calgary tonight and will be absent about three weeks. The pulpit at Knox church will be occupied on Sunday by G. H. Wycheley. On the two Sundays following the services will be conducted by Rev. W. H. Muncester and A. S. Tod, of Blairmore.

A man named White, of Bellevue, was arrested on Saturday on the charge of having appropriated a sum of money belonging to D. A. Sinclair. After coming up for preliminary hearing on Thursday, he was remanded for trial. I. H. Putnam is defending the accused.

A splendid programme is being arranged by the teachers of the local school for the concert which is to be held on Friday night next. Every five business man in town, who has at heart the interests of the school, and the success of the pupils should be represented in the advertising columns of the pamphlet.

Two cases against provincial detective A. B. Wylie, were dismissed at Edmonton on May 1st. Wylie is the man who created somewhat of a disturbance at the Coleman hotel several weeks ago, following which the bar of that popular hostelry was bereft of its licensee for several days. An appeal has been entered.

A. E. Stillman, general manager for W. J. Budd and company, financial brokers, left Calgary Tuesday, for great Britain, on business. Whilst over there Mr. Stillman will endeavor to interest some old country firms in Calgary as a place to establish manufacturing. He is in hopes of bringing some capital to Calgary for investment in manufacturing enterprises.

The annual school play will take place at the opera house on Friday night of next week, and promises to be of unusual interest. About 150 school children will take part, under the sole direction of Mrs. Leonora Shaw Brown, of Pincher Creek. A double bill will be presented, including "Boleazzar's Doom," a spectacular reproduction of old scriptural scenes, introducing more than a hundred young people in oriental dance and tableau, and "Valley Farm," a charming rural drama, filled with fun and frolic, yet with a tender vein of pathos that touches the heart and makes the eye grow dim. Everyone interested in the good work of the school should attend this grand entertainment which will be the best ever staged in Blairmore. For admission etc, see bills.

The last step in the downfall of Percy Hagel, who was found guilty of assisting John Krafchenko to escape from the Winnipeg police station, and who is now serving a term of three years, was completed this week, when an order was made to strike his name off the rolloff the Law Society of Manitoba.

You can't expect business if you don't advertise in the local paper.

Not Friendly, but Acquainted
Oh, Mr. Smith! cried the young
lady, as she greeted her caller. So
you have been making friends with
Fido? And do you think he likes you?
I don't believe he's decided yet—
he's only had one bite of me, and he
seems to want another.

Are there any sweeter words in the
English language, musically inquired
Professor Swiggs, than "I love you"?
Well, grimly remarked the pensive
hearer, "I wonder—if that some
authorities regard 'There's that mon-
ey I owe you' as about the epitome of
satisfactory sentences."

DR. WILLIAMS' PINK PILLS MAKE WOMEN WELL

Just because she is a woman, there are times when every woman needs help and strength in the form of a blood-building tonic. To thousands of girls and women Dr. Williams' Pink Pills have proved a blessing, because they enrich the blood, give strength and restore tone to the aching nerves. The anemic girl who is languid and pale, the wife whose back feels like breaking, the mother whose health is failing, who reaches middle age, for all such sufferers, Dr. Williams' Pink Pills are invaluable, because they build up the system, usually caused by poor blood or insufficient food. These pills have cured thousands of others, why not you? Mrs. Morine, Wallbrook, N. B., says:—"It is impossible for me to say too much in praise of Dr. Williams' Pink Pills. I have been a great sufferer from those troubles that make the life of so many women almost constant misery. Pains in the back and side racked a tortured me. My nerves seemed to give out, and at times I could do no house work, and only women who have similarly suffered know what I endured. I tried medicine after medicine without benefit, and was finally persuaded to try Dr. Williams' Pink Pills. Soon after starting the pills I found improvement, and as I continued their use my health and strength returned, and I now feel as well as ever I did in my life, and I am relating my experience merely in the hope that I may lead some other suffering woman to renewed health. I may add that my mother suffered from rheumatism, so badly that she had to use a crutch and Dr. Williams' Pink Pills completely restored her to her usual good health."

Always get genuine pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. If your dealer does not keep them, the pills will be sent post paid to cents a box or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

A young lady was studying to be a nurse, and she said one day to a popular surgeon: "What did you operate on Mr. So-and-so?"

"For \$2,000," the surgeon answered. "The young nurse smiled."

"No," she said; "I mean what did he have?"

"Three thousand dollars, was the surgeon's reply."

Balked Instinct
Mother—Helen, little girls must not talk all the time at the table.
Helen—When will I be o. enough to mother.

No "Articular Hurry"
Brown and his wife were at a movie-
picture show. In the play on the screen, the
villain had just thrown the hero from a
high cliff.
Oh, exclaimed Mrs. Brown, I hope
the officers hurry up and catch the
wretch!

Have patience, dear, said her husband.
The operator is turning the
reel as fast as he dares.

Learn to face danger—calmly.
There are few great soldiers, but
that will admit the first impulse in
going into battle is to immediately
and run. But once they get into
action, mere danger looks trivial and
only the chance to prove courageous
and of metal counts with them. Personal
safety, to such, soon becomes
the minimum thing.

Learn to face danger—calmly.
We are daily beset with danger.
Danger is one of the mystery gods.
Madam, who daily school herself
to expect danger, at such a hour, when
danger comes, it is to such a one but
a new situation to meet and face and
conquer—fortified as he is, against all
thought of cowardice. So, daily—
Learn to face danger—calmly.

Learn to face danger—calmly.
An old man, nearly eighty years old,
walked ten miles from his home into
Knowlton recently. When he reached
town he was greeted with some astonish-
ment by a friend.

You walked all the way! the latter
exclaimed. How did you get along?
Oh, first rate, replied the old man.
Generally, that is, I did till I came to
that alien out there. Slow down to fifty
miles an hour. That kept me
lucky some.

The Twelfth Mass
The accomplished and obliging
pianist had finished several selections
in the hotel parlor and the guests
were discussing other numbers. One
turned to an elderly lady, and said,
"Now, for instance, there is Mozart's
Twelfth Mass. You remember that?
Mrs. Hiscorn?" Remember it? I
should say so. Why, my husband
served through the war in that very
regiment."

A Frenchman staying at a London
hotel, when presented with his bill,
paid it without formal protest, but was
indignant at its amount. I wish to
see the proprietor, he said to the
clerk. In a moment the proprietor
appeared. The Frenchman was all
smiles. Ah! he exclaimed. I must
embrace you!

But why should you embrace me?
asked the astonished hotel keeper.
I do not understand.
Look at your bill!
Yes, your receipted bill. What of
it?

What of it? Simply says, salary
that I shall receive, no receive, see
you again.

When the Son Set
There was a little boy who com-
menced to keep a diary. Got up this
morning at 7 o'clock, was his first
entry.

Such an expression, said his horrid
mother. Does the sun get up
at 7, it rises.

Just before Tommy retired he wrote
in his diary: "Set at 9 o'clock."

The well-bred man dresses quietly,
says a writer on the fashion page, but
may be added that frequently when
he arrives home late at night he un-
dresses quietly. Also, the well-bred
man eats quietly.

A Pleased Customer
Has the lady whose portrait you
painted paid you yet?
No; she is suing me for defamation.

Not Master Jones, can you tell me
what the dark ages were?

I guess they were the ages before
spectacles were in vogue.

WOOD FOR ALL INDUSTRIES

Ontario Grows all but Eight of the
Thirty-Four Woods Used

Practically all industries are more
or less dependent on wood. In Ontario
alone, almost all of the manufacturers
of such things as paper, pulp, lumber,
industries, represented by 1,300 different
firms, supplied the statistics recently
obtained and published by the Forestry
Branch, Ottawa, in a bulletin en-
titled, "The Wood-Using Industries
of Ontario."

Mr. E. J. Zarvis, Ontario Forestry
Commissioner, says:—"There is at
present in the old settled portion of
Ontario an aggregate of about 8,000
square miles of farmers' woodlands.
It is safe to say that there is, in ad-
dition to the assessed woodlands, an
other area of 8,000 square miles which
is suited only for forest growth. This
means that southern Ontario could
eventually have over ten million acres
of private woodland." Ontario was
once a land of valuable hardwoods
and will be so again.

Another remarkable thing illustrated
by this bulletin is the variety of
uses to which woods, still common in
Ontario, may be put. Elm and bass-
wood are used in thirty-one indus-
tries, and ash is similarly used in
twenty-six of the thirty-one indus-
tries.

Maple, Ontario's most important hard-
wood, has over a hundred listed
uses, while birch and beech are be-
coming increasingly used, especially for
hardwood flooring. Pine forms 21.7
per cent of all the wood purchased by
these industries, but is being gradu-
ally replaced by spruce, as the supply
is nearing exhaustion. By observing
the uses to which the various woods are
put, manufacturers, markets
may be ascertained for cherry, apple,
sugar maple and other supposedly little
used hardwoods and also, for many
forms of wood-ware.

From Great Lakes
To The Rockies

WOMEN SING THE PRAISES OF
DODD'S KIDNEY PILLS

Saskatchewan Lady Adds Her Testi-
mony To What Has Already Been
Said of the Great World's Kid-
ney Pills are Doing.

Casualties—Saskatchewan—The
story of the world's most famous
city subjects the women of the prairie
to unusual strain, and careful observa-
tion has shown that the fact of the
strain first makes itself felt in the
kidneys. For this reason Dodd's Kidney
Pills are making an enviable reputa-
tion from coast to coast, from the
hills of the Rockies.

Everywhere you will find women
praising the virtues of the great Cas-
cadian kidney remedy that has banished
their pains and weariness, and
brought them back to health. Among
the many is Mrs. Edgar Cowen, an
esteemed lady of this place.

"I have found Dodd's Kidney Pills
very beneficial," Mrs. Cowen states.
"If anything I can say will help any
sufferer I am glad to add my testimo-
nial to what has already been said."

"The kidneys strain all the refuse
material out of the blood. If they are
out of order this refuse remains in
the blood, and becomes poison. That's
why a sound kidney means pure blood
and good health. Dodd's Kidney Pills
make sound kidneys."

A curious person of a certain town
who loved to find out everything about
the new residents, espied the son of
a neighbor in a doctor's office.

Good morning, he said. Little boy,
what is your name?

So-and-so, said the quick reply.
Of course, I know, little boy, but
what is your dad's name, dear?

Still he persisted, I mean what do
they say when they call you to break-
fast?

They don't never call me; I callus get
there first.

Once or twice, replied the Office.
But I found him waiting outside my
door.

**CATARRH NEVER STOPS IN SAME PLACE
REACHES THE LUNGS—DEVELOPES CONSUMPTION**

To Stop a Cold Quickly and Prevent
Catarrh, Use "Catarrhose"

Nothing more serious than the common
cold.
If it gains headway you can't stop it
from running into Catarrh, deafness,
or serious throat trouble.

Catarrh spreads very fast.
From nose to throat it goes in a day.
Soon the bronchial tubes are af-
fected—and before you know it, un-
less very healthy the lungs are hit,
and it's too late.

While you have the chance, drive
colds and Catarrh right out of the
system.

You can quickly do so by inhaling
the rich pure vapor of Catarrhose.
Right to where the living germ of
Catarrh is working will the healing

fumes of Catarrhose go in ten se-
conds.

No liquid medicine can penetrate to
the deep recesses that Catarrhose
bathes with its soothing vapor—that's
just why it proves so wonderfully ef-
fective.

The health-laden vapor of Catarrhose
cures the worst of coughs and
hoarseness. The uppermost parts of
the bronchial tubes are reached.
Bronchitis is cured—every cell in the
head, throat and nose is treated by
Catarrhose's wonderful fumes.

You can't be Catarrhose for
hoarseness, weak throat, sore throat,
catarrhal and bronchial trouble of any
kind. Get the complete \$1.00 course.

The Blairmore Trading Co.**Bellevue Happenings**

Harry Orr is laid up with blood poisoning in his hand.

Mr. Delaney will move his family to Frank this week.

Tom Haines, of Coleman, was a Bellevue visitor last week.

We regret to say that Mrs. James Consens is laid up with rheumatism.

The Bellevue band rendered an open-air concert on Sunday afternoon.

The newly-organized tennis club are clearing the rink for their courts.

The Consens Brothers have fenced their lot at the Rosedale Dairy.

Mrs. George Coupland, of Burnis, was a Bellevue visitor on Tuesday.

Donald McMillan is writing on the mine examinations at Fernie this week.

A new cobbling shop is in process of erection. It will be run by an Italian.

Mrs. Rose, of Lundbreck, was a visitor with Mrs. J. D. McDonald on Sunday.

Miss Mary Bosely is taking a vacation from her duties at the Bellevue hotel.

Mrs. Allan Hamilton and children left on Saturday on a trip to Westville, N.S.

BORN—To Mrs. Harry Davidson, of South Fork, on Friday, May 15th, a son.

A new barber, Mr. E. Merlin, is holding down the chair at Bill Cole's pool room.

Ed. Lithland is doing well at the hospital, and it is hoped he will soon be home again.

Gordon Gilchrist was in the camp on Monday and Tuesday, selling Calgary oil stock.

Rev. W. H. Irwin goes to Calgary on Monday to attend the annual Methodist conference.

Albert Hallworth and Hugh Smith have been promoted to assistant pit-boys at No. 1 mine.

Bob Evans is moving his livery barn to a lot facing the main street, next to the Southern hotel.

William Goodwin and William Clark returned from a week's prospecting. They report hard times everywhere.

A team belonging to Cyr & Smith made a bolt for liberty on Friday and caused a bad smash-up. The driver was slightly injured.

We are sorry to report that Eric Hagg has had to undergo another operation for internal injuries at the hospital. He is doing as well as can be expected.

Miss Shone, of Coleman, has returned from Chicago, where she has been taking a supplementary course of training. She is visiting Mrs. Robert Evans, in Bellevue, for a few days before resuming her duties at the Coleman hospital.

The Young People's meeting at the Central Baptist church on Wednesday night was addressed by Principal Black, of Coleman public school.

Drowning Accident at Frank

A sad drowning accident occurred at Frank at about 4.45 last evening, by which Tommy, the eleven-year-old son of Mr. and Mrs. James Gibson lost his life. The lad had been sailing on a raft on a small lake near the old smelter. The raft upset and the boy was precipitated into the watery elements. In his struggles the little lad went below the surface a couple of times, and it was several minutes before a rescue was made. However, all efforts towards restoration proved futile and at about 7.30 the last spark of life had fled. The sympathy of the entire community goes out to Mr. and Mrs. Gibson in the severe loss of their eldest son.

Interment takes place at the Blairmore cemetery this afternoon, Rev. W. T. Young officiating.

BORN—At 4.25 on Thursday morning, May the 21st, to Mr. and Mrs. C. E. F. Hiscocks, a daughter.

Frank Happenings

Mr. and Mrs. A. I. Blair visited Coleman on Tuesday.

Pete Carrothers and Harry Moore went to Calgary this week for oil.

H. T. Lloyd, electrical engineer and contractor, was in town on Tuesday.

Mr. Berry, of the General Electric Co., was in town this week on business.

Mr. Trowsdale, of the Canada Foundry Co., was in Frank on business Thursday.

Mr. Rochester was down from Hillcrest on Monday evening, and took in the basket social.

Rev. J. F. Hunter, of Blairmore, will occupy the pulpit of the Methodist church here on Sunday night, the 24th.

Mrs. James Nichol left on Monday evening's train for the Old Country, accompanied by her children, where they will spend several months.

Rev. W. T. Young leaves this evening for Calgary, where he will remain two weeks and attend the Alberta Conference of the Methodist church. He will also visit Edmonton before returning to Frank.

The Frank football team will go to Coal Creek on Monday, instead of Saturday the 23rd, to fulfil a league fixture. Sports are to be held at Coal Creek on that day, and a good time will be in store for those who may attend. Frank's team will be Paton goal, Marples and Watson backs, Pettie, Triatum and Miller half backs, Hutton, Parker, Sloan, Patterson and Morrison forwards; H. Pettie and McGowan reserves; Tom Longwell, trainer. Train leaves at 8.15, so be at the station on time.

A big smoker was held in the Union hall on Saturday evening last by the baseball boys. Quite a number from Hillcrest and Bellevue attended, having come over that evening to see the football game.

Hillcrest was down on Saturday evening last to play the return league game with Frank. A large crowd of spectators were present. Frank won the toss and elected to play down hill for the first forty-five minutes. The game was fast from the start and had not been in progress more than fifteen minutes when Frank took a pass from Morrison and scored 8 goal. After the re-start the referee had considerable difficulty in holding back some of the spectators who several times attempted to force their way onto the field. Mr. Walsh was entirely impartial to either side, and his decisions were firm. Hillcrest continued to press to get through, but failed, and at the interval the score stood 1-0 in Frank's favor.

Frank's fourth game, against Hillcrest, had the downhill play, which gave them more heart. They again took up the pressing and had several near chances of scoring, but found Frank with a stone-wall defence every time. Both goal keepers did excellent work and probably were responsible for the tight scoring. Hillcrest tried hard to equalize during the last fifteen minutes, but failed to pierce Frank's defence line. At the call of time the score stood 1-0 in favor of Frank. The teams were: Frank—Paton goal, Marples and Watson backs, Pettie, Triatum and Miller half backs, Hutton, Parker, Sloan, Patterson and H. Pettie forwards; Hillcrest—Miller goal, H. Douglas and T. Douglas backs, Griffiths, Rochester and Jepson half backs, Douglas, Fisher, Varley, Grimsdale and A. Varley forwards; Mr. Walsh, of Michel, referee.

The basket social held on Monday evening last proved a huge success. The hall being filled to its capacity. Mrs. J. Ferguson took the chair and the programme was all first class. Unfortunately, Mr. Legg could not be present with his pictures, owing to unforeseen circumstances occurring at the last moment. Mr. Dickson with his teddy bear was the biggest of the evening. After the first part of the programme had been rendered, the baskets, which were all of exquisite designs, were put up for sale by W. J. McGowan. The second part of the programme was rendered, after which a dainty supper was partaken of, followed by dancing which was kept up till 2 a.m. Everyone voiced themselves as thoroughly satisfied with the evening's entertainment. The following programme was rendered.

Part I.—Opening selection by the orchestra. Song by Sam Paton.

Duet by Mrs. S. Paton and Isaac Hutton. Musical Solo by Mrs. Goodwin.

Recitation by Freda Beal. Song by Isaac Hutton.

Violin selection by the Slovak boys. Banjo solos by B. B. B.

Recitation by Miss Winnie Dicken, entitled "How would you like to be a baby?"

Interval for sale of baskets.

Part II.—Duet by Mrs. Paton and I. Hutton. Violin Duet by the Slovak boys.

Song by Robert Dicken, entitled "I'm the oldest in the family," and encore "When father pattered the parlor."

Quartette by orchestra.

The sale of baskets realized \$41.75, while the full receipts of the evening amounted to about \$60.00, which will help considerably to keep the boys' foot during this football season. The concert committee and the football club desire to thank all those who in any way assisted to make the affair the success it was.

On An Era of Great Development

North Battleford, Sask., May 14.

"Western Canada is on the threshold of an era of agricultural, industrial and commercial development and advancement that will eclipse anything the world has ever witnessed," said W. J. Magrath, president of the Western Industrial Association, at the first colonization and development convention for western Canada here this afternoon. He added:

"We are making remarkable progress in all lines of endeavor and to successfully distribute this enormous wealth and derive the greatest benefit, it will be necessary to build more railroads, develop water transportation and power transmission facilities and establish more factories and mills. This will create more markets, and the direct result will be mixed farming, the real source of wealth."

"Comparing the province of Alberta with the older provinces of the Dominion, the states of the Union, or with the countries of western Europe, there is no question that between agriculture and manufacturing it has the potential capacity to sustain 100 inhabitants to the square mile, which would mean a population of 25,000,000. Populated as densely as Massachusetts, our province would have 120,000,000 inhabitants in cities, towns and country. The present population of all Canada is less 8,500,000; Alberta has but 435,000."

"Alberta has within its boundaries fully 100,000,000 acres of fertile lands, available for settlement. This is exclusive of about 1,520,000 acres occupied by lakes, rivers and creeks, and 60,000,000 acres of mountains, hills and other lands, not suitable for agriculture at present. We had under cultivation last year 2,799,267 acres, or less than 3 per cent of the available farming area, and from this our farmers produced 75,575,662 bushels of grain, in addition to live-stock, hay, roots, vegetables and dairy products having a total value of between \$15,000,000 and \$20,000,000. The increase in the acreage of 1913 over 1912 was 407,415, and the crop increase was 9,331,140 bushels."

"From official sources we learn that a larger area is being cultivated this year, and it is predicted that greater gains will follow, when our farmers will have devoted more attention to diversified agriculture, which may be interpreted to mean that modern farms are rapidly supplanting the bonanza wheat ranches in Alberta, and that the farm is being converted into a manufacturing enterprise, increasing the efficiency of the plant and eliminating all waste."

Regarding the manufacturing development of Alberta Mr. Magrath said that prior to 1905 what are now the provinces of Alberta and Saskatchewan were grouped as figures. In 1900, the two provinces had 105 manufacturing plants, employing 1168 men and women and \$1,689,870 capital; salaries and wages amounted to \$465,768, the value of the raw product was placed at \$1,964,987.

Five years later, or in 1905, Alberta alone had 120 manufacturing plants, employing \$5,545,821 capital and 2048 men and women, who received \$1,167,107 in salaries and wages. The value of the finished products is given as \$5,116,782.

According to the last census bulletin, issued by the federal government, Alberta had 290 manufacturing establishments in 1910. These plants employed 6980 men and women and \$29,518,346 capital; they paid \$4,485,661 in salaries and wages and \$9,908,777 for raw materials. The value of the products was \$18,788,836.

"To give an adequate idea of the increases throughout the province," Mr. Magrath continued, "I might cite the fact that the value of the output of the factories in Edmonton alone jumped from \$248,788 in 1900 to \$4,483,304 in 1910. We have at present 148 manufacturing plants, or 23 more than were in operation in the whole of the province in 1905, and the value of the products today is fully three times that of the output of four years ago. Other cities made proportionate gains."

"What the future holds for Alberta in manufacturing and agriculture the brain of no man can grasp. We are facing a stupendous task. We know that railroads cannot be built, rapidly enough to keep pace with the development of the western country; we know, too, that if the railroad were equal to our increasing needs it would change the economic equilibrium of Canada itself. The railroad yards are the real harbors of the prairie provinces."

"Traffic experts report that the Panama canal will add ten cents to the value of every bushel of grain to be grown in the provinces of Alberta and Saskatchewan. I believe also our manufacturers will share equally as well in this unearched dividend. But manufacturing, mining, lumbering and wheat-growing are not the only money makers in the western country. Mixed farming and dairy and livestock will do more than all the rest put together for many years to come."

"We have in the province of Alberta about 3,500 miles of railroads of all kinds, and I am informed by the provincial railway department that 700 miles of standard gauge lines will be built this year, as against 600 miles in 1913, also, as against \$11,000,000,000 is available for construction work on railroad lines guaranteed by the government. This includes \$6,500,000 recently placed to the credit of the government under the Alberta & Great Waterways agreement."

"Construction to be undertaken this year probably will include 350 miles by the Canadian Northern, 200 miles by the Canadian Pacific, 100 miles by the Edmonton, Dunvegan and British Columbia, and 120 miles by the Alberta & Great Waterways line."

"With the opening of the Great Frank and the Canadian Northern railroads to the Pacific coast and the extension of railway lines to the Peace River country and other parts of our vast hinterland, which contain land capable of supporting from three to four times the entire population of Canada, will come the development of Alberta's mining and lumber and pulp wood industries and the harnessing of the mighty rivers of the North, to supply cheap electric power to thousands of busy wheels."

"British, Canadian and American capitalists are watching the exploration of petroleum, natural gas and asphalt prospects in various parts of Alberta, and it is predicted that millions of dollars will be expended in this and other development work."

"Recent complications show that the coal area of Alberta is larger than the combined areas of the rest of Canada. The reserves in our province are estimated to contain 1,070,039,000,000 metric tons, or 14 1/2 per cent of the total resources of the world. We have in addition enormous undeveloped beds of salt and asphaltum and mineral. An abundance of natural gas has been found in southern Alberta. We have millions of tons of ore, shales, clays, silica and other sands and marls, also great fur and fish resources."

"Thirty years ago what is now the province of Alberta was a territory considered fit only for the habitation of wild animals, Indians and fur trading voyageurs. It was the subject of weird tales of cold and privation. All this has changed. The feeding grounds of buffalo are occupied by factories and mills, the redman's wigwam has given place to skyscraper business and office buildings and beautiful homes, and the rutted trails, over which the early pioneers trudged westward, have been converted into steam and electric railway grades and farm-roads and automobile highways, which cross and recross vast areas of the most fertile soil on the American continent."
